Please **post-date your registration cheques for May 31, 2015**, which will reduce the chance of your cheque becoming stale dated. Registration cheques are not processed until after the weeklong school has concluded.

When selecting participants for the school, please consider those who are prepared to take an active role in this learning experience and who will abide by the rules and guidelines for conduct and attendance. Please consider members who:

MESSAGE FROM THE NATIONAL PRESIDENT

March 2015

Sisters and Brothers:

Union education is a powerful tool that informs and provides skills necessary for activists to deal with government and employers alike.

I would encourage all locals in the Atlantic Region to send as many members as possible to the 2015 Weeklong School, to be held May 24 - 29, at the Terra Nova Resort and Golf Community, Port Blandford, Newfoundland.

Increased attacks by government on working people supported by corporations looking for more profits leave public sector workers vulnerable to cuts and rollbacks. Understanding the environment we represent workers in is the key to a successful fightback.

As there will be both federal and provincial elections in the near future, this year's school will include a workshop *Building Strong Local Unions* on strengthening locals through mobilizing members within the context of the political environment and effecting change through the elections process.

You will learn the political action skills necessary to assist in changing government and have a real opportunity to have the party that CUPE Convention mandates we support, the NDP, form as the next federal government.

We are hopeful that the education you participate in will give you these skills to succeed. You will have the opportunity to network and build relationships that will last a lifetime.

In solidarity,

PAUL MOIST
National President

WELCOME TO THE 30TH ATLANTIC REGIONAL'S ANNUAL WEEKLONG SCHOOL

GENERAL INFORMATION

This is the 30th Atlantic Regional's Annual Weeklong School. The Weeklong School provides a community atmosphere where learning, relaxation and fun are combined. The objective is to give CUPE members the opportunity to develop specialized skills in programs that are interesting and challenging.

WHO CAN ATTEND?

The School is open to all CUPE members.

Class size will be limited to approximately twenty (20) participants. Participants will be registered on a first-come, first-served basis. It is very important to signify a second choice. Should there be an inadequate number of registrations for a workshop, it will be subject to cancellation.

In the event of a course cancellation, participants will be placed in another workshop. Every effort will be made to place participants in their alternate choice of workshops.

We reserve the right to limit the number of members any one local may send to any workshop and to assign participants to a second choice workshop.

LOCATION

The weeklong school is being held at the Terra Nova Resort & Golf Community located in the town of Port Blandford, on the east coast of Newfoundland and Labrador, and on the eastern edge of Terra Nova National Park. The Resort is just a 2-hour drive from St. John's and just over an hour from Gander.

SCENT FREE ZONE

For the comfort and health of our members and staff, CUPE has implemented a Scent-Free Policy at all of our workshops. Scented products such as hair spray, perfume and deodorant can trigger reactions such as respiratory distress and headaches. Please refrain from using scented products. Help us keep the air we share healthy and fragrance-free.

ACCOMMODATIONS

Accommodations will be assigned on a first come basis. You have a choice of single or double occupancy accommodation. If you wish to have double occupancy accommodation, but do not indicate with whom you wish to share a room, we will assign accordingly.

COSTS

The fee covers room, meals and registration from Sunday afternoon to Friday at noon. **Cost is \$750.00 per person for double occupancy and \$1,350 per person for single occupancy.** The registration fees must be prepaid, and a post-dated cheque should accompany the registration form. **Please post-date your registration cheques for May 31, 2015.** Registration cheques are not processed until after the weeklong school has concluded. Please make cheque payable to the **Canadian Union of Public Employees** and forward to the Registrar at the Atlantic Regional Office before the **deadline of May 2, 2015 to:**

COURSE DESCRIPTIONS

Choose one course from the following four courses and please remember to make a second choice, too.

COURSE #1

NEW

OCCUPATIONAL HEALTH & SAFETY - WORKPLACE Inspection and Incident Investigation

Inspections are an opportunity to identify and address hazards before they can cause harm to your members. Investigation of incidents allows us to find root causes and identify corrective actions. Brother John Brookfield (Health & Safety Representative – ARO) has developed this workshop to enable your members to implement and participate in these best practices in Health & Safety. This workshop is ideal for members on health and safety committees, members of local executives and those with an interest in improving health and safety conditions in the workplace. *If available, participants should bring their digital camera and laptop computer.*

COURSE #2

BUILDING STRONG LOCAL UNIONS

[REVISED]

Strengthen your local; engage and mobilize your members in the context of our political environment. With the right vision, your local can be stronger and more effective for your members and your community.

This workshop covers:

- Internal politics: Issues, problems and solutions that are relevant to your local
- Strategies for making your local more inclusive
- External politics: A political action plan to increase your effectiveness in your community, provincially and federally.

COURSE #3

CONFLICT RESOLUTION

Conflict is a natural part of our lives. Learning to handle it well will improve your relationships with other members, co-workers and the employer.

This workshop will:

- Deepen your understanding of conflict;
- Strengthen your communication skills;
- Provide opportunities to practice responding to conflict.

COURSE #4

INTRODUCTION TO STEWARDING plus SIX (6) STEWARD LEARNING SERIES MODULES

This new combined stewarding program will get new stewards up and running after one week. What does a CUPE Steward do? If you are a new steward and want to learn how to help CUPE Members solve workplace problems, this introductory workshop is for you!

The **Introduction to Stewarding** portion covers:

- The role of the steward
- Investigating workplace problems
- Filing a grievance
- Meeting with management
- CUPE's structure
- Dealing with workplace complaints.

The Steward Learning Series provides an opportunity for Stewards to explore a number of topics – all from a Steward's point of view. This program also acknowledges the important role Stewards play in the union.

This Weeklong School presents the following modules from the Steward Learning Series:

At this Weeklong School, we will offer:

1. **Handling Grievances** - A refresher on basic grievance handling. This module highlights the Steward's role as educator. Participants teach each other "Best Practices" and share strategies for dealing with difficult grievances;
2. **Being an Ally for Equality** - Championing human rights in the workplace and the union is an important role for Stewards. But what does it really mean to be a good ally;
3. **Handling Discipline and Discharge** – for many stewards, discipline and discharge cases are the hardest grievances to handle.
